

E-mail ID updation

SBI Internet Banking portal www.onlinesbi.com

- Log into www.onlinesbi.com
- Navigate to "Profile-Personal Details-Change email ID" under "My Accounts", appearing on the left panel of the screen.
- On the next page, select the Account number, input the email ID and click on Submit.
- Changes to email address can be self approved using OTP sent to your registered mobile No.
- Alternatively, you can also select the branch approval option and submit the same at the branch.
- Branch will do the approval.
- Status of mapping will be advised to you on your updated email ID.

Note: If you are not yet registered for Internet Banking, you can do so online using your ATM cum Debit Card details. To register click [here](#)

SBI Branch

- Visit your nearest SBI Branch.
- Fill in a Letter of Request
- Submit the above letter.
- After necessary verification, the updation will be done by the branch.
- You will receive an SMS on your updated email ID regarding the status of updation
