BOQ ITEM NO.	DESCRIPTION	UNIT	QTY	RATE	AMOUNT
2	FALSE CELING - Modular false ceiling				
2	Providing and fixing in position false ceiling Providing and fixing in position false ceiling in Armstrong 600 x 600 mm x 15 / 16 mm Dune Supreme RH 99 Prima tile or equivalent make with Tegular edge framework with black groove as specifed by Armstrong Co. or equivalent having 0.55 NRC, 38dB & 95% RH and 90% Light Reflector with suspenders wherever required. Making necessary framework for A.C. ducting, if any, and necessary cutouts for diffusers and light fittings, taping and finishing to proper line & level, including making grooves and trap doors for A.C. unit in 18 mm thick BWR Grade (ISI 303) Plywood with Stainless Steel hinges & locks with moulding 1" x 1" for edges including finishing with one coat of primer and two coats of White Premium Plastic emulsion Paint etc. complete in all respects. Smoke Development: 0%, Fire Resistance: 120 Minutes, A2-s1, d0 & DIN EN 13501-1 The cost of include the cost of frame work for fixing light fixtures. The light fixtures shall not be fixed directly on to the tiles. (Note : Only the plan area will be measured for payment. No extra payment	SQFT	635.00		
	will be made for cutout, grooves, mouldings, etc.)				
3	FALSE CELING - Gypsum ceiling with paint Providing and fixing Gypsum board false-ceiling made as per India gypsum mannual frame section complete with main & secondary channels, 12 mm thk. Plain gypsum board including notches for tube light fittings., all joints duly taped. All screws for joining and framing shall be netalfold. The uniform thickness of Gypsum board sheets shall be 1/2" including finishing withone coat of primer and 2 cots of White Premium Plastic emulsion Paint etc. Complete as per detail drawing and as directed by Architects. (Note : Only the plan area will be measured for payment . No extra payment will be made for cutouts, grooves, mouldings etc.)	SQFT	1,065.00		
4	STORAGE UNIT 1'-6" Deep Providing and Fixing Storage Units made of 19mm thk BWR Grade (ISI 303) plywood top,verticals,shutters and shelves. Backside of the storage to be 6mm thick BWR Grade (ISI 303) ply. All exposed plywood surfaces to be finished with 1.00 mm Thick laminate of approved make and shade and all exposed edges of table top and ply verticals to have 1" and1/4" T.W.lipping finished with laminate. All internal surfaces of table top,drawer units,shutters, etc. shall be finished with 0.8mm white laminate.All unexposed plywood surfaces to be polished.Item to include plywood boxing all necessary hardware and fittings like 3" SS brush finish handles,3 nos. 3" SS hinges, magnet, towerbolt, locks etc. of approved make complete in all respects.(Mode of measurement the front area of the cabinet shall be measured)	SQFT	50.00		
4a	Item similar to above except that the finish should be in Veneer finish	SQFT	30.00		
4b	Providing and fixing 10 mm thk clear glass shelf of size 2' x 1' with polished edges fixed on 'F' brackets.	NO	6.00		
5	STANDING CHEQUE WRITING LEDGE (4'-6"x1'-0"at Customer- lobby)				
	Providing and fixing writing ledge as per design made out 18mm BWR grade plywood (ISI 303) with necessary grove pattern 1.00 mm Thick laminate (color, vertical grain) to be cladded. 12mm thk machine polished toughened glass to be provided on top of the writing ledge. Small boxes to be made out of 18mm BWR grade plywood's (ISI 303) to be made on top of the writing ledge finished with 1.0mm thick Thick laminate, inside surface finished with 0.8mm thick laminate. The work to be completed as per design and approval of the architect.	NO	1.00		
6	WALL AND COLUMN PANELLING				
0	Providing & fixing panelling on walls, columns or any other surfaces out of 2" x 2" Aluminium sections frame " Jindal Make " or equivalent at 1'-6" x 1'-6" c/c. 12 mm thk. plywood fixed on the framework with necessary grooves etc. finished with 1.00 mm Thick laminate with pattern as per design rate should include the cost of making holes, slits etc. required for electrical work.	SQFT	1,100.00		
6a	Item same as above but to be fininshed with 6mm thick veneer finish.	SQFT	275.00		
7	SOFT BOARD				
	Providing and fixing Pin- up Boards with 12 mm thk. soft board with cloth of approved shade and fabric on top. MDF board to be fixed with teak wood mouldings of 19 x 25mm size with melamine polish etc. complete to the satisfaction of Architect/Bank's Engineer.	SQFT	50.00		
	Providing and fixing Pin- up Boards with 12 mm thk. soft board with cloth of approved shade and fabric on top. MDF board to be fixed with teak wood mouldings of 19 x 25mm	SQFT	50.00		

OQ ITEM NO.	DESCRIPTION	UNIT	QTY	RATE	AMOUNT
8	ROLLER BLINDS				
	Providing and fixing roller blinds (Vista or approved equivalent) as per approved shades by bank including all accessories and fittings.	SQ.FT	160.00		
9	SS DINING TABLE WITH FOLDABLE STOOLS - 4 SEATER	SQ.FT	1.00		
	Providing and fixing Stainless Steel Dining table of size 2'6" x 4' with 4 No. of Foldable stools				
10	SHUTTER BELOW GRANITE COUNTER - LAMINATE FINISH	SQ.FT	15.00		
	Providing & fixing shutters made out of 19mm thick BWR ply (IS 303) with 19mm x 12.50mm beading all around with 1mm thick laminate finished for storage below Granite counter including melamine polish etc including all necessary hardware such as hinges, concealed handle of approved make. The rate shall be inclusive of providing & fixing modular S.S service trolleys below with standard sliding channel sections as per manufacturers specifications for the complete length and height of the counter including shutters in marine plywood including the necessary t.w frame etc complete.				
11	ACP PANELLING	SQ.FT	330.00		
12	Providing, fabricating & fixing in position Aluminium Composite Panel (ACP) with framing of Aluminium Tube sections of min 2" x 1" and 20 gauges 2'-0" C/C both ways. ACP to be in minimum 2' width panels or distributed equally as per the site condition. Panels to be fixed to the frame with adhesives as per standard brands mentioned in Annexure B. Joints shall be finished with Silicon based sealant. ACP shall be of minimum 4mm thickness (0.5mm+3mm+0.5mm). Colour of ACP shall be as per bank's preference. (Unit of measurement shall be in Sqft) The system is to be designed to with stand and shall be fixed to the RCC structure (structural support only) and / or to the M.S. sub structure (Structural supports only) with sheet metal screws, clamps, brackets and anchor fasteners as approved by the Architect/Engineer. All extruded aluminium sections including cleats shall be minimum 3mm thick. All aluminium extruded sections shall be of 6063 T5 or T6 alloy conforming to ASTM B221. Rate shall include handling, fabricating & fixing ACP panels. Rate shall include providing open cell polyethylene backer rod, weather sealant, shims etc. The weather sealant silicon shall be Dow Corning 789 (or as per approved by the Architect) for vertical application.
